Description:

EMBLEM Solvent Wall Decor is a printable wall paper made of a textured PVC with paperback. The specific surface of SOWADEPA permits a good ink coverage as well as brilliant colours and is printable with solvent, UV-curable and Latex inks.

SOWADEPA is classified as non-hazardous according to DIN 52900.

The prints are suitable for indoor decoration without lamination. For a better scratch resistance please use a liquid lamination.

For the application processing as decoration wallpaper the usual procedures for wall papers are valid.

Typical Application:

Indoor decoration
