

# HP Premium Satin Canvas

## The HP large format printing system—the complete solution

HP Latex and HP Scitex printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide reliable, consistent results with every print.

## Make an enduring impression with museum-quality canvas prints

### Produce consistent, museum-quality prints

Capture the intricate details that truly reflect the aesthetic intent of the artist with HP Premium Satin Canvas. With its larger color gamut, fine art and photographic reproductions are accurate and consistent, ensuring happy customers and repeat business.

### Create durable images

Produce prints that withstand the test of time, are acid-free with a pH-neutral base. This easy-to-handle canvas is resistant to edge cracking so that it moves quickly through post-production finishing and framing. HP Premium Satin Canvas is REACH compliant<sup>1</sup> to help you and your customers meet high health and safety standards.

### Maintain an easy, smooth workflow

To provide trouble-free printing, Original HP printing materials are designed together with HP Latex printers for consistency, performance, durability and value. Because it's scratch- and crack-resistant, it's easy to handle and moves quickly through post-print finishing, including stretching, coating and laminating.

<sup>1</sup> This product does not contain substances listed as SVHC (155) per Annex XIV of the EU REACH directive published as of June 16, 2014 in concentrations exceeding 0.1%. To determine the status of SVHC in HP products, see the HP REACH Declaration published at [HP Printing Products and Consumable Supplies](#). Logo source: Copyright European Chemicals Agency.

Target customers	Applications	Benefits
Fine artists	Fine-art reproductions	More consistent base fabric reduces scrap
Professional photographers	Digital art originals	Brighter white surface, larger color gamut
Art reproduction houses	Landscape or portraiture photography	More vivid, even brighter images
Graphics-oriented print service providers		Smooth satin finish
		Acid-free, pH-neutral
		REACH compliant
