

SSSSSSSS ... SO SOFT! SoftTouch ASLAN SL 109

THE EXCEPTIONAL MATT PROTECTIVE LAMINATE

ADVANTAGES

- 36 µm PP laminate with an ultra-matt surface
- peach-like soft-touch coating for a pleasant tactile feel
- gives any surface a natural appearance
- 100 % reflection-free – perfect for use in TV studios/theatres and at trade fairs/events
- increases the colour brilliance of digital prints despite of the matt finish
- resistant to fingerprints
- scratch-resistant
- suitable for prints using UV curable inks without unwanted silvering
- solvent free high-tack adhesive system
- PVC, VOC and solvent free product

The **SoftTouch ASLAN SL 109** offers a number of advantages. The **exceptional matt coating**, with a gloss level of 3.7 at a 60° angle, cuts out all annoying reflections. Ideal for applications where light reflections must be avoided, such as TV studios, theatres or at trade fairs and events. The soft, peach-like coating of the polypropylene film gives surfaces a **pleasant feel** and **natural appearance**, creating an organic and appealing aesthetic. It is **resistant to scratches and fingerprints** and contributes to the longevity of any surfaces where it is applied.

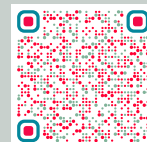

CHARACTERISTICS		SoftTouch ASLAN SL 109

APPLICATION

For high-quality solutions that should meet both aesthetic and functional requirements. The combination of the stylish matt appearance, pleasant feel and scratch resistance, makes the **SoftTouch ASLAN SL 109** the ideal option where an opulent finish is required on digital prints plus smooth and slightly curved surfaces:

- in retail and interior decoration, POS & POP
- on furniture (sideboards, cupboard fronts, kitchen furniture) and sales counters
- in TV studios, theatres, stages and exhibition stand construction
